

input voltage: 90-305V AC, 50-60 Hz
 power draw: 800 watts (power factor corrected)
 dim range: 0-100% (onboard dimmer)
 control: wireless or wired DMX
 focus range: 10° - 80°
 focusing method: holographic film lenses
 UV: none
 warm-up time: none (instant on)
 lamp life: 60,000 hours
 color spectrum: continuous
 compatible shutter speeds: all (flicker-free*)

*flicker-free up to 5000 FPS for full dim range & at any speed at 100%

DIMENSIONS

weight: 69.5 lbs. (31.5 kg)
 construction: machined aluminum
 finish: anodized
 mount: harness or yoke (w/junior pin or bolt)
 operating position: any
 tilt control (with yoke): friction
 cooling: passive (no fans)
 power cable: locking IEC 10'
 power connector: NEMA 5-15P
 compliance: ETL & CE
 warranty: two years
 country of origin: USA
